WINDOWS & DOORS  
WITH EXTENDED WARRANTIES

# ONLINE PORTAL

It's never been easier to order your required doors online. Our new online portal lets you deliver products to the end user just that little bit faster.

Once your order is placed, we manufacture each door within our in-house factory using state-of-the-art machinery to turn around your doors swiftly and to a high standard.

The new portal is just another way we, as the market's leading composite door supplier, are making the benefits of The Signature Collection easier than ever to pass onto homeowners.

**To discover more** about our online composite door ordering process and options, give us a call on **0800 0142769**.

## THE SIGNATURE COLLECTION APP

### A FABRICATOR WHO HELPS YOU CERTIFY IN MINUTES?

- Self certify your installations
- Easy one online entry
- No more fenestration registrations
- No more insurance backed guarantees required
- Exclusive to Pearl Window Systems
- Pearl are the first installer scheme approved by CORGI Fenestration
- Extended homeowner warranties including lifetime and 10 year (contact for more information)
- Comprehensive marketing support for all of our installers
- The Signature Collection: Fully suited windows, doors and conservatories.

### INSTALLER BENEFITS

- Pearl Window Systems bridge the gap between fabricator and installer with this full support installer scheme, right from your installation to the end-user.
- You can use our scheme for notification and self certification.
- This is a fully approved installer scheme, like no other, approved by CORGI Fenestration – a trusted brand.
- Maintenance' procedures are documented for your customers, giving 100% understanding of their new products and peace of mind for the future.
- No insurance companies involved, all guarantees, warranties and mediation are dealt with through one portal.
- By taking advantage of our extended warranties on all products including hardware, frames and glazing – you will enjoy a more structured approach to Remedials in the future.
- Register your installation just once, we do the rest.
- No paperwork, no hassle.
- Customers are invited to use the CORGI Fenestration 'Rate Your Installation' service, building trust between you and your customer.
- With your Skills Card, you can show customers you are trained to the very highest of standards.

### HOMEOWNERS BENEFITS

- There is no cost passed to your customers for the extended warranties and consumer protection – this is all provided free of charge.
- Customers expect and receive a service second to none, with a full complaints procedure in place, if ever required.
- Customers use the CORGI Fenestration Rating Scheme, which is a TripAdvisor style rating system, giving them the confidence to buy.
- Your homeowner receives full consumer protection, all of which is detailed in their Homeowners Booklet.
- CORGI Fenestration is a trusted brand, giving customers even more confidence when buying your products and service.
- Customers expect and receive a service second to none, with a full complaints procedure in place, if ever required.
- When customers see your Skills Card, they can be confident in your ability to carry out the work required.

# GUARANTEES

**How it works** – When you buy an expensive new product, such as a fridge, a washing machine or a computer, there’s always the worry that it will stop working, is not fit for purpose or that you’ll have to replace or repair it.

 <b>10 YEARS</b> GUARANTEED MECHANICAL WARRANTY	 <b>10 YEARS</b> GUARANTEED MECHANICAL WARRANTY	 <b>10 YEARS</b> GUARANTEED MECHANICAL WARRANTY	 <b>10 YEARS</b> GUARANTEED MECHANICAL WARRANTY	 <b>LIFETIME</b> GUARANTEED COATING WARRANTY	 <b>LIFETIME</b> GUARANTEED COATING WARRANTY
<b>Casement Windows</b> 10 Years Mechanical Warranty on: • Friction Stays • Window Handles • Sentinel Easy Fit Locking Mechanisms	<b>Tilt and Turn Windows</b> 10 Years Mechanical Warranty on: • Tilt and Turn Mechanisms • Tilt and Turn Hinges • Tilt and Turn Handles	<b>Single and French Residential Doors</b> 10 Years Mechanical Warranty on: • Door Locks • Cylinders • Door Handles • Pro Secure Door Hinges	<b>Composite Doors</b> 10 Years Mechanical Warranty on: • Door Locks • Cylinders • Door Handles • Composite Door Hinges	<b>Single and French Residential Doors</b> Lifetime Coating Warranty on: • Marine Grade Stainless Steel Gold and Chrome Door Handles • Marine Grade Stainless Steel Gold and Chrome Letter Plates	<b>Composite Doors</b> Lifetime Coating Warranty on: • Marine Grade Stainless Steel Gold and Chrome Door Handles • Marine Grade Stainless Steel Gold and Chrome Letter Plates

The same applies when it comes to hardware. Many installers have experienced remedials of hardware due to corrosion and product failure. This is time consuming, costly and inconvenient for all parties concerned.

As a ground-breaking industry first we are pleased to announce the launch of an online warranty registration scheme direct to the manufacturers.

On completion of the installation you will have the option (subject to terms & conditions of sale) to be given a completed warranty card. For the extended warranty to be registered this card must be completed in full by the installation company. The unique “manufacturers order number” is the traceability for the future extended warranty. The homeowner can validate the warranty online within 30 days of the purchase following the links at the bottom of the warranty card.

Once completed online this triggers the extended warranty with that specific supplier as you would see with any white goods or TV purchase.

This in no way affects the standard warranty offered at the point of sale by the windows manufacturer, however this does allow the homeowner the comfort of a long term back up direct from a select group of international hardware manufacturers. (All standard warranty, terms and conditions together with following the maintenance guidelines apply. Following the initial 12 months the extended warranty covers parts only).

- 10 Year Mechanical Warranty on Pro Secure Door Hinge
- 10 Year Corrosion Warranty on all powder coated finish, 5 years for plated finish Pro Secure Door Hinge
- Lifetime Coating Warranty on Marine Grade Stainless Steel Chrome and Gold Door Handles
- Lifetime Coating Warranty on Marine Grade Stainless Steel Chrome and Gold Letter Plates
- Automatic 10 Year Profile Warranty on your The Signature Collection Windows and Doors
- 10 Year Mechanical Warranty on Kenrick Sentinel
- 10 Year Mechanical Warranty on Door Cylinders
- 10 Year Mechanical Warranty on Door Locks

# THE *Lakes* COMPOSITE DOORS

First impressions count and to the outside world your front door is your own personal Signature, so make a great first impression!

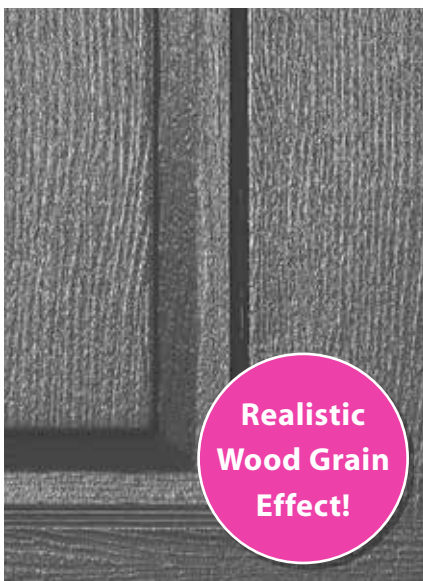

With elegant door designs and beautiful colour options we are thrilled to introduce "The Lakes Collection", it's easy to mix and match and create your very own bespoke style.

With 18 door styles in the Lakes Collection, from contemporary to traditional, modern minimalist to imposing classic themes, you'll find just the look that matches your ideas and the individual style of your home.

The technology behind composite doors gives you high security, thermal efficiency, durability and more.

We've pulled out all the stops to give our doors lasting and virtually maintenance-free performance. Just a wash down every now and again will keep your door's good looks, with no sanding or repainting required.

For more information please see your Maintenance Guide.

**Realistic  
Wood Grain  
Effect!**

Timber is **naturally renewable** and our Timber is purchased from **sustainable managed forests** and can be **recycled at the end of its useful life** and not destined for land fill.

## GRP V SOLID CORE

### GRP

A typical foam filled GRP construction has only a small section of the door which is actually solid. The door is made up from two GRP skins bonded to a sub frame which is then filled with high density foam. The Gel coated GRP skins which are bonded to the frame are vulnerable to scratching, and not easily repaired if dented.

### SOLID CORE

The SOLID CORE door is made from sixteen layers of laminated veneered timber called Kerto®. This ensures the grain is not running in one direction. The grain direction can sometimes be a weak point of timber and can lead to warping, or splitting. By using a specially orientated layup of sixteen veneers, the grain is running in multiple directions ensuring the Kerto® core has significantly increased strength, rigidity, and vastly improved security. Bonded to this are two robust coloured PVCu skins that offer a realistic wood grain effect or smooth finish in a range of colours.

The door comes complete with a Sculptured frame (Chamfered is available on request) in a choice of twenty two coloured foils as well as plain white or cream. There is also the options of a 57mm low PVCu threshold instead of the normal 77mm as well as a 24mm aluminium which can also have wheelchair ramps fitted.

Timber is naturally renewable and our Timber is purchased from sustainable managed forests and can be recycled at the end of its useful life and not destined for land fill.

# DERWENT *Collection*

To its west rise the fells of Cat Bells. To the east is the fantastic viewpoint of Friar's Crag, jutting into the lake. And its southern foot is the entrance to the beautiful Borrowdale valley. This picturesque lake is the inspiration for The Derwent Collection of composite doors.

# DOOR LOCKS & CYLINDERS

Designed to protect homes with anti-snap, anti-bump, anti-pick and anti-pull technology. The Yale Platinum 3 Star Cylinder is a TS007 3 star kitemarked anti-snap cylinder which has been designed, developed and tested to Yale's exacting standards to deliver high-performance security and deter even the most determined intruders.

## YALE PLATINUM 3 STAR CYLINDER

Strong, versatile and secure this cylinder offers the ultimate home protection.

- TS007:2014 3 star accredited
- Anti-snap, anti-pick, anti-bump, anti-drill and anti-screw
- Sacrificial external side to defend against snap attacks
- Secured by Design approved

### Anti-Snap

A small section of the cylinder is sacrificed under attack, leaving the remainder of the cylinder intact and your door safely locked.

### Anti-Bump

Specialised side pins provide bump resistance.

### Anti-Pick

Unique multi shear-line technology designed to resist lock picking and bumping.

### Inner Strength

The dedicated central bridge delivers unparalleled inner strength to the cylinder providing protection even if the cylinder is attacked from the outside.

### Horizontal Keyway

With reversible flat key for easy key entry.

### Anti-Drill

Hardened steel protection incorporated within the cylinder provides undeniable resistance against drill attacks.

### Certified

Approved to TS007:2014 3 star - the highest current certified level. BSI accredited to KM559658. Tested to BS EN 1303:2015.

The Yale Postmaster Professional TS008 letterplate boasts a long list of features that set it apart from the other letterplate options. With its 96mm sightline height, and telescopic feature allowing it to suit a range of door types and thicknesses, this letterplate offers the utmost practicality and versatility.

#### **POSTMASTER PROFESSIONAL**

The highly secure, TS008-accredited letterplate from Yale. Helping you stay compliant with the new standards.

- Patent pending design to complement a variety of applications
- Designed to combat common attack methods such as 'fishing'
- TS008:2015 accredited
- Conforms to the requirements of PAS 24:2016 and Approved Document Q
- 5 year Surface Finish Guarantee

Secure from the second the door is shut – that’s what Yale’s Lockmaster AutoEngage multi-point door lock offers thanks to two security latches which automatically engage instantly from independent trigger points every time the door closes. Simply turn the key to engage the centre deadbolt deadlock all locking points and fully secure the closed door. The gearbox is located midway down the door making it equally suitable for key or lever operated contemporary doors.

## LOCKMASTER AUTOENGAGE CLASSIC STYLE SLAM LOCK FOR COMPOSITE DOORS

### KEY FEATURES

- Key retractable auto engaging locking mechanism
- Available in 45mm backset
- 20mm Yale-branded faceplate available
- Centre deadbolt operates independently and achieves 20mm secure engagement
- Security latches deliver 20mm full engagement automatically as the door is closed
- Non-handed for minimal stock holding
- Flexible gearbox facilitates key or lever operation
- Suitable for timber and composite doors
- Keeps available separately

### GUARANTEES & CERTIFICATES

- Secure – tested to PAS 24:2016 and Secured by Design
- Corrosion resistant to BS EN 1670:2008 Grade 4 (240 hours salt spray)
- Trouble-free operation - tested to 100,000 cycles with a 10-year mechanical guarantee
- Protected by Yale’s Lifetime Security Guarantee when used with other Yale Security hardware

# Yale Lockmaster AutoEngage

Maintenance Yale recommends that all moving components are lubricated using a non-acidic mineral oil at least twice a year and surface cleaned with a damp cloth. The product may need to be adjusted to ensure satisfactory operation.

# Yale Sparta Door Handle

To retain the highest corrosion resistance it is necessary to keep the surfaces clean. This can be achieved by wiping with a warm clean cloth using either a mild detergent or soap only, then rinsing with warm clean water and drying with a soft cloth. Abrasive, chemical or brass cleaners, wire brushes, scrubbers and wire wool etc should not be used under any circumstance.

To register your guarantee, please visit:  
<https://www.yaledoorandwindowsolutions.co.uk/en/thesignaturecollection/>

# Postmaster Professional TS008 Letterplate

Yale recommends that all moving components are lubricated using a non-acidic mineral oil at least twice a year and surface cleaned with a damp cloth.

**DO NOT:** Wipe over with a strong cleaning detergent or any cloths which may scratch the surface of the letterplate.

To register your guarantee, please visit:

<https://www.yaledoorandwindowsolutions.co.uk/en/thesignaturecollection/>

# Platinum TS007 3 Star Cylinder

Yale recommends regular lubrication of your Yale cylinder locks to ensure continuous trouble-free performance and operation.

For this, we recommend using a PTFE based lubricant. A small amount of lubricant should be applied to the key and then inserted into the cylinder. Rotate the key a couple of times in line with the normal locking function. Remove the key from the cylinder and wipe away any remaining lubricant to ensure it isn't transferred onto other objects.

Additional keys can be ordered at [www.yalestore.co.uk](http://www.yalestore.co.uk), simply enter the DE & F codes found on your key card to order your unique keys.

To register your guarantee, please visit:

<https://www.yaledoorandwindowsolutions.co.uk/en/thesignaturecollection/>

# THIS IS SWEET

Sweet door furniture. Edgeless, long-lasting beauty as standard. With chrome, gold, black, white, stainless steel and new rose gold, there's a Sweet for everyone.

The ever lasting Sweet. Sweet carries multiple coatings of copper and nickel, ensuring it always looks great, even after being hammered with salt water for over a year. That's an incredible 40x more time than required for the flagship EN 1906:2012 corrosion standard.

# ULTION | ★★★ PLUS

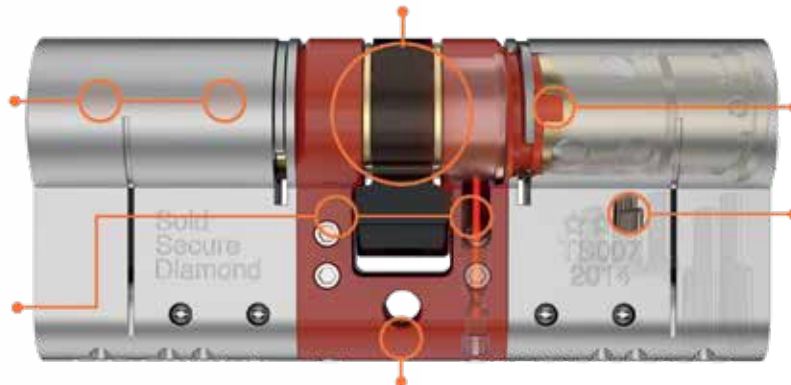

The Ultion lock has an incredible suite of security features that work to secure your home against major attacks on your door.

## When the Ultion lock detects an attack, it goes into **Double Lockdown Mode™**

A hidden attack lock secures the mechanism.

**Double Anti-Snap protection**  
The intruder needs to snap Ultion twice before he see's the core.

**2 Attack locks**  
Lock still works from inside after an attack.

**2 Part Plug design**  
With molybdenum - stronger for longer.

**20 Drill Defences**  
8 hardened steel rods and 2 plates in both ends.

**25%**

**Denser than iron**

The molybdenum core that houses the attack pins..
